Improving the world through engineering

Welcome to IMechE Iberia !

The IMechE Iberia has brought together technical students, new graduates, CEng and experienced engineers from across Spain and Portugal, creating one of the most dynamic and proactive engineering groups within the European Region.

We are always looking for people who are willing to work overseas, or have an innovative idea, challenge, competition, lecture or visit of interest to members.

If this is your case, do not hesitate to attend this event, we will glad to let you know how to get started.

17.00h Thursday 27 Feb 2025
